Where are Louis Vuitton products manufactured?

The Louis Vuitton leather goods collections are exclusively produced in our workshops located in France, Spain, Italy and the United States.

Manufacturing our footwear and ready-to-wear collections takes place in France and Italy.

Our watches are exclusively made in timepiece workshops in Switzerland.

Our jewellery collections are realised in France, Italy and Switzerland.

Our sunglasses are manufactured in France and Italy.

Our fragrances and candles are made in Grasse, in France.

In all of these workshops, the choice of the finest materials, experienced craftsmen and the extreme care devoted to all manufacturing phases of our items, perpetuate and renew our tradition of excellence and refinement.
